

WisMATYC Conference

Saturday, Sept 28, 2019

Northcentral Tech College

Wausau, WI

The WisMATYC 26th Annual Conference will be held on Saturday, September 28, 2019. The location in Wausau isn't too far from northern Illinois, so we hope to see many of our IMACC friends at the conference! The whole event (conference, WisMATYC membership, continental breakfast and lunch) will only be \$30. A bargain price for a great event! Watch www.WisMATYC.org for updates and for instructions for how to register starting August 1. And feel free to email Turi anytime with questions.

PRESENT AT WisMATYC!

We would love to have you present at the WisMATYC Conference.

We have 25- and 50-minute sessions, and we're interested in all topics related to the teaching and learning of math in the first two years of college. Use the proposal link on the WisMATYC website, or contact Turi for the proposal link. Proposals are due June 1.

Contact: Turi Suski, WisMATYC President, suski@fvtc.edu

November 14-17, 2019

Start planning now! The AMATYC 45th Annual Conference will be in beautiful downtown Milwaukee at the Wisconsin Center and the Hilton Milwaukee City Center, with additional hotel space at the Hyatt Regency Milwaukee. Mark your calendars and start lining up your funding. See all the details at www.amatyc.org

JOIN THE LOCAL EVENTS COMMITTEE

We have a team of people planning the local aspects of this conference. We will run the Hospitality/Professional Networking Room and organize food and activities for this room. We also want volunteers to be "restaurant hosts" who will welcome other attendees to join a group heading out for dinner and an evening in Milwaukee. Easy! Our goal is to make sure everyone who attends the conference feels connected and has fun. There are many ways to help! Want to join us? Email Turi
